Cognition portfolio site: jaykimgtm.github.io/jay-kim-cognition

Summary

Trilingual (Japanese, Korean, English) technical and GTM recruiter with 9+ years of full-cycle hiring across seniority levels in Japan and Korea: the last 5 in-house at Salesforce and Anthropic, after more than four years of agency search at RGF. Helped build Anthropic's early Japan team (Applied AI, partnerships, leadership) and set up its Japan recruiting operations. Maps talent markets, sources passive candidates outbound, builds tools that improve the process, and advises senior leaders on calibration, leveling and offers; 93% offer acceptance at Salesforce.

Experience

Anthropic Japan
Tokyo, Japan
GTM Recruiter
05/2026 - Present

- Owned 8+ concurrent technical and GTM searches in Anthropic's early Japan/Korea build-out, from Applied AI Architects and Engineers to Partnerships and leadership roles.
- Delivered 3 hires for Anthropic Japan's early team: Head of Partnerships, Partnerships, and its first Applied AI Partner Architect.
- Led outbound sourcing of passive candidates for Applied AI and Partner Architect roles through AI-assisted market mapping, backchannel referrals and sourcing partnerships with global recruiting teams.
- Set up Japan recruiting operations from an early stage: pipeline strategy, operating processes and an agency engagement model built for the local market.
- Recalibrated HQ interview standards for Japan/Korea candidates with interview teams: added an English screening question, ran HM calibration and pre-briefed interviewers via Slack.
- Built internal AI tools with the global recruiting team for talent-market mapping, ATS workflow customization and automated candidate triage.

Salesforce Japan
Tokyo, Japan
Senior Employee Recruiter
09/2021 - 05/2026

- Carried 15 concurrent full-cycle reqs on average (IC to VP) since Q1 2025 across Japan and Korea, from Solution Engineers and Technical Architects to AEs, Legal and Operations.
- Advised VPs, Country Managers and functional leaders on role design, leveling, interview calibration and market-specific talent strategy, leading to first-of-its-kind hires in Japan such as a Revenue Cloud AE, within deadline.
- Held a 93% offer-acceptance rate and 4.3/5 candidate survey score (both top 25% among the JP/KR recruiting team in 2025) by owning offer conversations and the candidate experience from first outreach to close.
- Delivered 102% of the 2025 annual hiring target and 92%+ on-time fulfillment in 2024; ranked #2 recruiter in Japan/Korea by external hires in Q2 2025 (19 vs. a 10.1 team average).
- Created Tableau dashboards for funnel health, bottlenecks and hiring forecasts; reviewed weekly to quarterly with hiring managers and leadership.
- Cut average time-to-hire by 5 days and lifted first-round interview rates 12% with a Korea referral fast-track I designed and launched.
- Led AI enablement across recruiting workflows, driving roughly 2.5× AI-tool adoption from JP/KR recruiting team users over 3 months, and built Slack workflow automations.
- Partnered with the D&I team on sourcing and hiring programs, contributing to a 20% increase (from 0 to 2 hires over 2 quarters) in women hired onto the Tableau Solution Engineer team.

RGF Professional Recruitment Japan
Tokyo, Japan
IT/Game Industry Consultant
04/2017 - 09/2021

- Ran end-to-end agency searches and business development for engineering and creative roles in Japan's game industry, winning multiple retained search agreements with leading game companies.
- Developed non-traditional pipelines through tech schools, game academies, GitHub and ArtStation, adding 28+ qualified candidates, the most on the team.
- Wrote a Python/JavaScript outreach automation tool that cut team outreach time 30% and overtime by about 1.5 hours a day per person.
- Ranked Top 5 biller (96th percentile) in Q1 2021 and Top 35 firm-wide in Q2 2021.
